MESSAGE FROM THE CHAIRMAN AND THE CHIEF EXECUTIVE OFFICER

1

Dear Shareholders,

We are pleased to invite you to the 2019 Shareholders' Meeting which will be held on Friday June 14, 2019, at 3:00 p.m., at the Collège des Bernardins in Paris.

The Shareholders' Meeting is an opportunity to report on our achievements over the past year. Significant external headwinds hampered profitability in 2018, including in particular large cost increases for memory chips used by Connected Home and a weak demand for DVDs. However, 2018 was a record year for the Film & TV VFX business, with double-digit revenue growth and a robust pipeline of future projects continuing into 2019. In addition, 2018 was a very important year for the Group which completed the sale of its Patent Licensing business and initiated the disposal of its Research and Innovation activities. Those are preliminary steps to pave the way towards profitable mid-term growth to the benefit of all our stakeholders.

Technicolor is now able to focus fully on its world leading operational activities: Entertainment Services and Connected Home.

During the Shareholders' Meeting you will be able to vote, thus taking an active part in decisions concerning Technicolor. Among the resolutions, you will be asked to reshape the Board of Directors' composition in order to diversify the Board profile and increase the variety of skills present at the Board. As such, the Board is proposing that you renew the terms of office of Ms. Melinda J. Mount, Ms. Ana Garcia Fau and Mr. Maarten Wildschut, all of them bringing complementary skills to the Board. You will also be asked to appoint five new directors: Ms. Anne Bouverot, Mr. Xavier Cauchois, Mr. Dominique D'Hinnin, Ms. Christine Laurens and Mr. Brian Sullivan.

In addition, you will be asked to approve the change of our registered office. Our new offices, in the heart of Paris, bring to our creative teams, for a significantly reduced cost for our Group, the benefit of a central location which highly reinforces the Company's attractiveness for key talents and clients since a significant part of the building is devoted to Production Services activities.

In this document you will find a detailed presentation of all the draft resolutions which you will be requested to approve.

We count on your attendance at this Shareholders' Meeting this year and sincerely hope that many of you will take part in the Company's decision by voting on the resolutions submitted to your approval and expressing your views during the Q&A session.

Thank you for your trust,

Bruce Hack

TECHNICOLOR IN 2018

3.1 ORGANIZATION

Technicolor has been contributing to the development of video technologies, products and services for more than one hundred years. The Group is a worldwide leader operating in the Media & Entertainment (“M&E”) sector. Our mission: developing, creating and delivering immersive augmented digital life experiences that ignite our imagination.

Technicolor operates in three leading operating businesses:

- in Production Services, Technicolor is a leading provider of services to content creators, including Visual Effects/Animation and video Post Production Services (“Production Services”);
- in DVD Services, Technicolor is the leader in replication, packaging and distribution of CD, DVD and Blu-ray™ discs (“DVD Services”);
- in the Connected Home segment, Technicolor is a leader in the design and supply of solutions enabling the delivery of digital video entertainment, data, voice and Smart Home services to Pay-TV operators and Network Service Providers including broadband modems and gateways, digital Set-Top Box and other connected devices (“Connected Home”).

Technicolor announced, on February 11, 2019, that it has received a binding offer and entered into exclusive negotiations with InterDigital, for the sale of its Research & Innovation (“R&I”) activity. As a result, the Group reported the financial information of its R&I, previously included in the Corporate and Other segment under Discontinued operations. 2017 results were restated for comparative purposes.

Technicolor now operates two business segments:

- the Entertainment Services segment that regroups Production Services and DVD Services activities;
- the Connected Home segment.

Unallocated Corporate functions and all other unallocated activities, including Trademark Licensing activities are presented within the segment “Corporate & Other”. Corporate & Other operations are as follows:

- Trademark Licensing business, which monetizes valuable brands such as RCA™ and Thomson™ which were operated by the Group when it was a leading stakeholder in the Consumer Electronics business. Trademarks create business and market opportunities for licensing partners around the globe, which benefit from a complete brand service including rights management & protection, quality insurance, marketing and design. Main product categories developed are Television, Tablets, Home appliances with an increased market and awareness presence in EMEA, North and South America;
- Patent Licenses, which have not been sold to Interdigital and which monetize valuable patents such as MPEG-LA and various others;
- post-disposal service operations and commitments related to former consumer electronics operations, mainly pension and legal costs;
- unallocated Corporate functions, which comprise the operation and management of the Group’s Head Office, together with various Group functions centrally performed, such as sourcing, Human Resources, IT, Finance, Marketing and Communication, Corporate legal operations and real estate management, and that cannot be strictly assigned to a particular business within the two operating segments.

Technicolor has finalized a number of disposals over the last few years, the results of which are, under certain criteria, reported as discontinued operations under IFRS.

3.2 FINANCIAL RESULTS IN 2018

The table below shows the contribution of each operating segment to the Group's consolidated revenues as well as the Adjusted EBITDA and the Adjusted EBIT for the 2018 and 2017 fiscal years:

3.2.1 Entertainment Services

The Entertainment Services segment, which generated consolidated revenues of €1,726 million in 2018, accounting for 43% of the Group's reported consolidated revenues, supports content creators from creation to post production (Production Services), while offering global distribution solutions through its replication and distribution services for DVD, Blu-ray™ discs and CD (DVD Services).

PRODUCTION SERVICES REVENUE

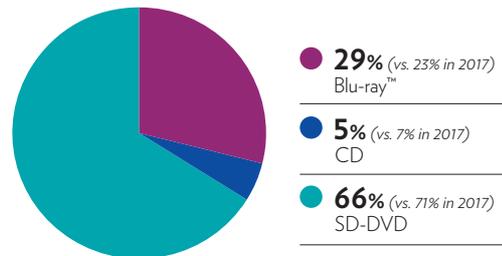

Revenues grew 5.6% at constant currency, driven by significant volume expansion in Film & TV VFX and growth in Advertising.

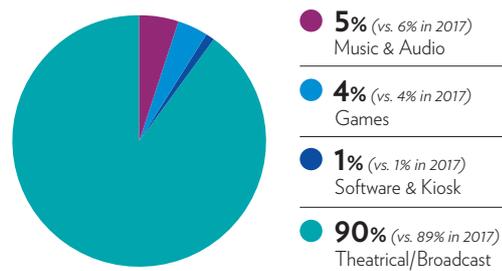

DVD SERVICES REVENUE

Technicolor sold a total of 1,195 million DVD, Blu-ray™ discs and CD, in 2018 compared with 1,347 million discs in 2017. Operations are supported by approximately 1 million square feet of dedicated replication and distribution space, with unique capability for the timely delivery of discs to more than 40,000 locations.

VOLUMES BY FORMAT

VOLUMES BY SEGMENT

Consolidated Adjusted EBITDA for the Entertainment Services segment amounted to €178 million in 2018, down 17.6% at current currency and down 14.8% at constant currency compared to 2017.

- Production Services achieved significant profitability improvement in Film & TV Visual Effects. Capacity increases and related investments were accelerated in 2018 and are expected to continue in 2019.
- In DVD Services, Adjusted EBITDA declined due the unexpected severe reduction in the second half in DVD volumes, impact of which could not be fully offset by ongoing cost savings activities. In addition, profitability was also negatively impacted by higher than expected non-recurring operational costs resulting from an unforecasted extreme concentration of key customer volume during the peak season.

3.2.2 Connected Home

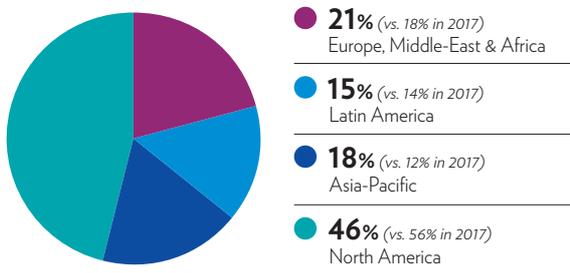

The Connected Home segment generated consolidated revenues of €2,218 million in 2018, accounting for 55% of the Group's reported consolidated revenues.

Connected Home shipped a total of 39.1 million products in 2018, or more than 752,000 devices per week. By product category, video

devices represented 56% of total volumes in 2018 (2017: 59%), while broadband devices represented 44% of total shipments (2017: 41%) of which 9.6% of total volumes from Manaus.

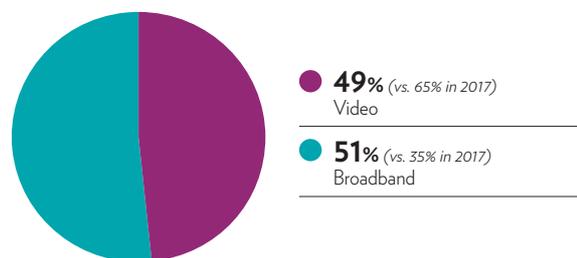

On the video side, Ultra-High definition products represented around 33.3% of the Group's digital Set-Top Box revenues in 2018.

REVENUES BY REGION

Adjusted EBITDA amounted to €87 million, or 3.9% of revenue, down €41 million at current rate year-on-year. The margin decline was driven by the gross margin squeeze resulting mainly from net component price

REVENUES BY PRODUCT

cost increases (€45 million) in 2018 and the weakness of North American video. Excluding the impact of the component cost increases, Adjusted EBITDA margin would have reached €132 million.

3.2.3 Corporate & Other

Corporate & Other includes Trademark Licensing business.

Corporate & Other recorded revenues of €44 million in 2018, related to the Trademark Licensing business and to Patent Licensing retained revenues from prior years.

Adjusted EBITDA amounted to €1 million, a significant improvement compared to 2017, mainly resulting from retained Patent Licensing revenues from prior years of €22 million.

3.4 STRATEGY OUTLOOK

In 2018, Technicolor increased its investments in organic growth in Production Services and in the transformation program in Connected Home. These initiatives are expected to continue over the next few years in well-defined areas.

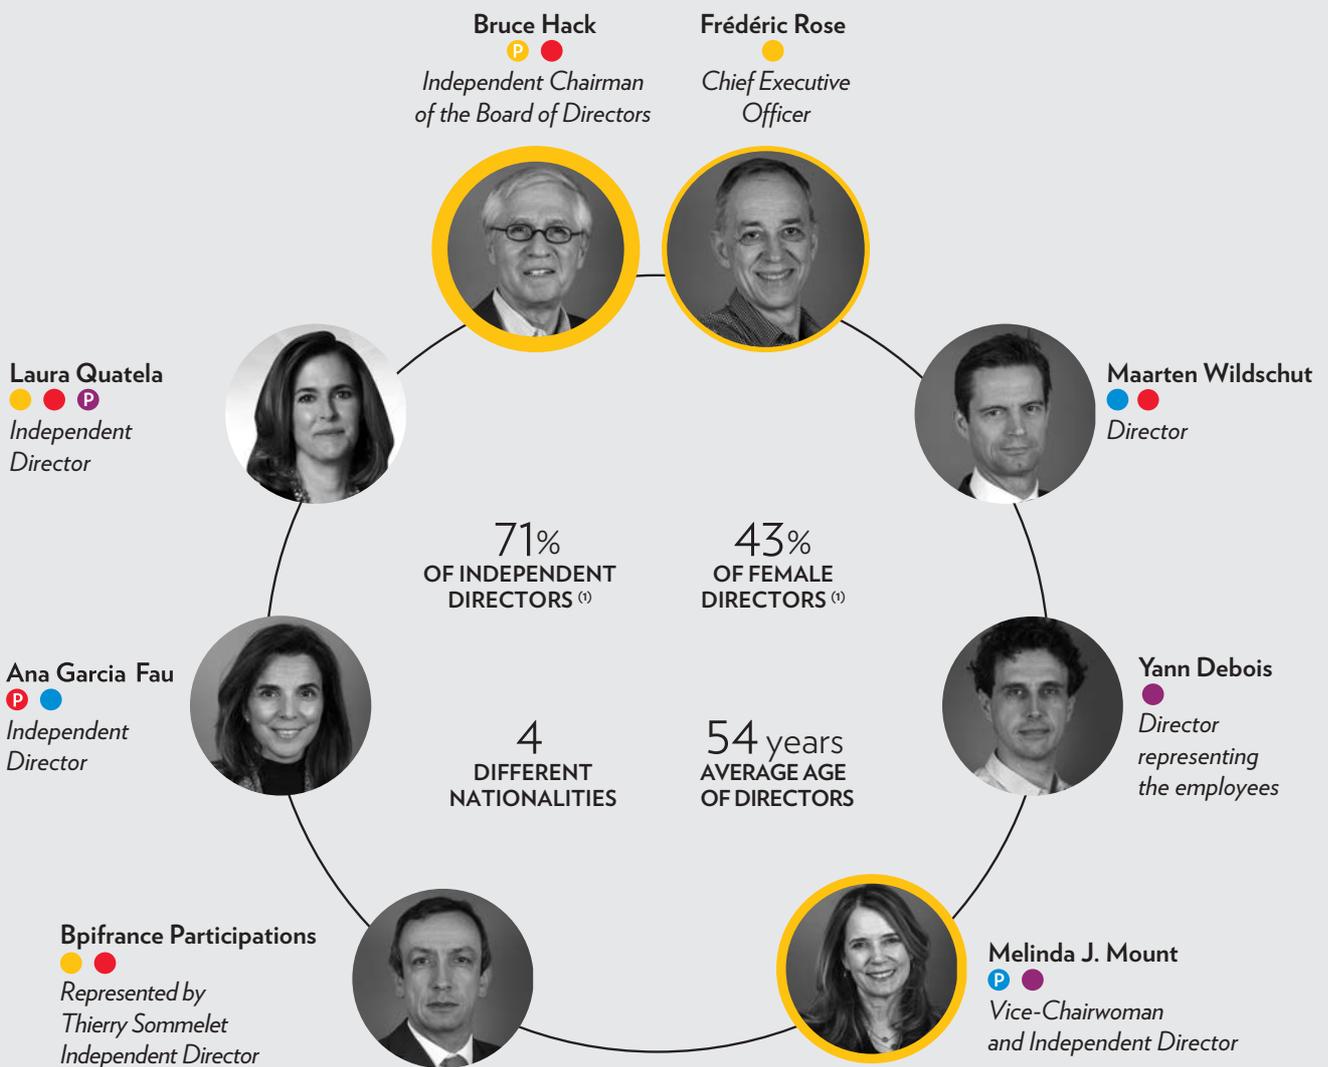

Specifically:

- the Group will continue to build upon its strong position as worldwide leader in Production Services by increasing capacity (in particular in India, France, Australia and Canada), while continuing to improve profitability;
- in Connected Home, the benefits from the implementation of the ongoing transformation plan and the expected improvement in components availability and pricing, will enable the Group to invest in market share gains in broadband access and Android based video solutions which will lead to improving margins over the next several years;
- in DVD Services the Group expects to start renewing contracts with its major customers on improved trading terms over the next several years to reflect structural reductions in volumes.

4.2.2 Frédéric Rose, Chief Executive Officer

	Gross amounts	Comments																
FIXED COMPENSATION	€995,214 ⁽¹⁾ (not changed)	<p>Mr. Rose's total fixed compensation for his position as Chief Executive Officer, initially determined by a decision of the Board on March 9, 2009, was revised by the Board of Directors on July 25, 2013. It has not been reviewed since.</p> <p>At its meeting of April 22, 2015, the Board of Directors resolved to proceed with a partial conversion of this compensation into U.S. dollars and pounds sterling, due to the relocation of Mr. Rose's activities, on the basis of the average exchange rates over the second half of 2014. Since July 1, 2015, the fixed compensation of Mr. Rose has thus been paid in part in each one of the following currencies, <i>prorata</i> to the time dedicated to each one of his offices within the Group's companies: euros, U.S. dollars and pounds sterling.</p> <table border="1"> <thead> <tr> <th></th> <th>Euro</th> <th>Pounds sterling</th> <th>U.S. dollar</th> </tr> </thead> <tbody> <tr> <td>For his role in</td> <td>Technicolor SA</td> <td>Technicolor Limited (UK.)</td> <td>Technicolor USA, Inc.*</td> </tr> <tr> <td>Distribution key</td> <td>20%</td> <td>40%</td> <td>40%</td> </tr> <tr> <td>Amounts paid in currency</td> <td>€200,000</td> <td>£317,000</td> <td>U.S.\$516,800</td> </tr> </tbody> </table> <p>* Following the merger of Technicolor, Inc. and Technicolor USA, Inc. on December 31, 2018, Mr. Frédéric Rose is President of Technicolor USA, Inc.</p>		Euro	Pounds sterling	U.S. dollar	For his role in	Technicolor SA	Technicolor Limited (UK.) ANNUAL VARIABLE COMPENSATION	€372,210 ⁽¹⁾ (for reference, €418,851 ⁽²⁾ in 2017)	<p>The variable compensation of the CEO depends upon the achievement of objectives which are precisely defined and determined according to the results of the Group after the close of the fiscal year. The variable compensation amounts to 100% of the annual gross fixed compensation if the target objectives are achieved, and up to 150% if the target objectives are exceeded. It is paid in euros, U.S. dollars and pounds sterling according to the same distribution key as the fixed compensation. The variable portion of Mr. Rose's compensation for 2018 was subject to the following performance objectives:</p> <ul style="list-style-type: none"> • a consolidated adjusted EBITDA target accounting for 40% of the target bonus: <ul style="list-style-type: none"> - if the consolidated adjusted EBITDA does not amount to at least €250 million, no compensation would be paid in respect of that objective, - if the consolidated adjusted EBITDA amounts to €280 million, 100% of the compensation would be paid in respect of that objective, - if the consolidated adjusted EBITDA exceeds €300 million, the compensation paid in respect of that objective could be up to 150% of the compensation; • a consolidated Free Cash Flow objective accounting for 40% of the amount of the target bonus: <ul style="list-style-type: none"> - if the consolidated Free Cash Flow does not amount to at least €40 million, no compensation would be paid in respect of that objective, - if the consolidated Free Cash Flow amounts to €50 million, 100% of the compensation would be paid in respect of that objective, - if the consolidated Free Cash Flow exceeds €65 million, the compensation paid in respect of that objective could be up to 150% of the compensation; • a qualitative objective accounting for 20% of the amount of the target bonus, the fulfillment of which was assessed by the Board of Directors, relating to Technicolor's continued transformation and, in particular, to the strengthening of Production Services. <p>The quantifiable objectives are the performance indicators set out by the Group in its financial communication. They are also those used for determining the variable compensation of all Group employees who receive this type of compensation. On February 27, 2019, the Board of Directors reviewed the performance of Mr. Rose for 2018:</p> <ul style="list-style-type: none"> • as the consolidated adjusted EBITDA amounted to €270 million, the consolidated adjusted EBITDA objective was partially achieved with a grade of 0.66 (on a scale of 0 to 1.5); • as the consolidated Free Cash Flow amounted to €(47.9) million, the consolidated Free Cash Flow objective was not achieved; • with regard to the qualitative objective, the Board, considered <i>inter alia</i> the completion of the disposal of Patent Licensing and the successful launch of The Mill Film in Canada and Australia. Mr. Rose requested the Board to limit the achievement at 0.55 (on a scale of 0 to 1.5) in light of the overall performance of the Company experienced in 2018. The Board agreed to this request. <p>The overall achievement rate of Mr. Rose's objectives for 2018 is thus 37.40% and his variable compensation amounts to €372,210 (after conversion into euros at the reference exchange rates), a 11% decrease compared to 2017. Payment to the CEO of the variable compensation is subject to approval by the shareholders at the Annual General Meeting to be held to approve the financial statements for the year ending December 31, 2018 of his compensation package, in accordance with Article L. 225-100 of the French Commercial Code.</p>																

(1) The amounts reported are converted into euros, even though they are paid in part in U.S. dollars and in pounds sterling, based on the average exchange rates for 2018, i.e. £0.88686 for €1 and U.S.\$1.18052 for €1.

(2) Restated at the exchange rate used for the conversion of the 2017 and 2018 compensation: average exchange rate for 2018.

4.3 COMPENSATION POLICY FOR CORPORATE OFFICERS (EX ANTE VOTE)

This report on the compensation policy for Corporate Officers (*mandataires sociaux*) was adopted on February 27, 2019 by the Board of Directors upon recommendation by the Remunerations Committee. It describes, in accordance with Article L.225-37-2 of the French Commercial Code, the principles and criteria for the determination, allocation and distribution of the fixed, variable and exceptional elements of the total remuneration and the benefits of all kinds that may be granted to Corporate Officers.

The compensation policy is applicable for the Chairman of the Board of Directors and the Chief Executive Officer.

The Board of Directors took note of the approval ratings for the resolutions related to the compensation of Mr. Frédéric Rose at the Shareholders' Meeting of April 26, 2018 and of comments expressed by shareholders at the time of this meeting. Consequently, the Remunerations Committee and the Board reviewed the compensation policy for the Chief Executive Officer and considered the concerns expressed by shareholders. Upon recommendation of the Remunerations Committee, the Board approved the following changes:

- (i) For the purpose of enhancing transparency, the amount of the fixed compensation will be set forth in the compensation policy;
- (ii) With the aim of aligning the qualitative part of the variable compensation to key strategic performance, the qualitative criterion would be reviewed to include Corporate Social Responsibility and compliance criteria;
- (iii) In order to reduce the overall compensation level:
 - the cap of long-term instruments (valued in accordance with IFRS standards) that the Chief Executive Officer might be awarded will be 150% of fixed and targeted variable compensations, and
 - should the Chief Executive Officer leave the Company and by exception keep his rights to long-term instruments previously granted, the number of instruments to be delivered would remain subject to performance conditions and would be strictly *pro rata* to the number of days elapsed from the date of the grant to his severance date, as compared to the total duration of the plan.

The Board believes that these adjustments address the concerns raised by shareholders last year. The Board remains fully committed to the alignment of shareholders' and executive officer's interests.

This report will be submitted to shareholders' approval during the Annual General Meeting to be held to approve the financial statements for the fiscal year ending December 31, 2018.

4.3.1 Compensation policy for the Chairman of the Board of Directors

The office of Chairman being separated from that of Chief Executive Officer, the compensation of the Chairman will consist of the following items:

The Board of Directors has chosen to compensate its Chairman solely via the grant of a fixed compensation and Directors' fees, in order to guarantee his total independence in the exercise of his duties. The Chairman of the Board will not be awarded any annual or multi-annual variable compensation and stock options or performance shares, nor will he benefit from any commitment in the event of termination of his duties.

- **The fixed compensation** will aim at adequately remunerating his specific involvement as Chairman of the Board. Upon recommendation by the Remunerations Committee, the Board of Directors decided to set the fixed compensation at €150,000 in consideration of the extended scope of his responsibilities which can justify a higher compensation (see Article 2.5 of the Internal Board Regulations, available on sub-section 4.1.4 "Internal Board Regulations" of the 2018 Registration Document).
- **Directors' fees** will be due as for all other Directors. As a reminder, the rules governing the allotment of the Directors' fees include a significant variable portion in line with the AFEP-MEDEF Corporate Governance Code (see sub-section 4.2.1.3. "Directors' fees and other compensation" of the 2018 Registration Document).

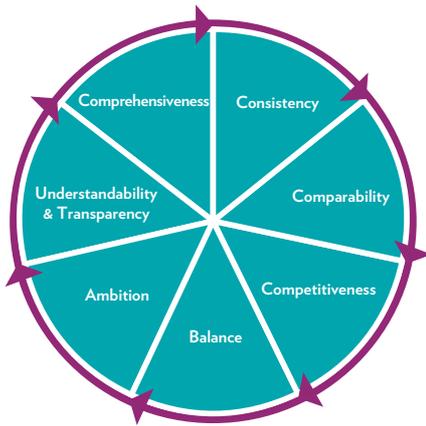

These two items were determined after benchmarking the proposed compensation policy with those of the non-executive independent Chairmen of the peer group detailed below in point 4.2.1.1.2 "Compensation policy for the Chief Executive Officer" of the 2018 Registration Document.

The Board of Directors can decide to grant the Chairman of the Board a benefit in kind, which could for example be given through a car allowance or any other kind of benefit.

4.3.2 Compensation policy for the Chief Executive Officer

GENERAL PRINCIPLES

The compensation policy for the Chief Executive Officer was determined by the Board of Directors and the Remunerations Committee based on the following principles:

- **Consistency:** The policy applicable to the compensation of the Chief Executive Officer is entirely consistent with the general compensation policy that applies to Group executives and employees:
 - the components of the compensation package are the same as those provided to senior executives (fixed compensation, variable compensation and long-term plans),
 - none of the compensation plans of which the Chief Executive Officer is a beneficiary is specific to him (the variable compensation plan applies to more than 2,000 employees),
 - the quantifiable performance criteria applicable to the Chief Executive Officer's variable and long-term compensation are the same for the Chief Executive Officer and for other executives.

The only components which are specific to the Chief Executive Officer are his severance package and his non-compete indemnity;

- **Comparability:** The general policy for the compensation of the Chief Executive Officer has been developed in light of market practices. To that effect, the Remunerations Committee established with the assistance of outside advisors a peer group of public companies which are comparable to Technicolor by size, industry and geographical presence. The peer group's composition is reviewed every year by the Remunerations Committee. It reflects in particular:
 - the Group's strong presence in the United States: the Group generates more than half of its revenues in the United States, 6 out of the 11 Executive Committee members and the Group's main competitors are U.S. based,
 - the business diversity of the Group: Technicolor being a worldwide Technology leader operating in the Media & Entertainment industry, the peer group is made up of direct competitors or clients

in its key operating segments and of other companies in the broader Technology, Media & Entertainment industries.

The peer group thus determined is made up of the following companies⁽¹⁾: • Arris International plc • Criteo SA • Daily Mail and General Trust plc • Dassault Systèmes SE • Hexagon AB • Ingenico group SA • ITV plc • JCDecaux SA • Lagardère SCA • Pearson plc • Publicis Groupe SA • Telenet group Holding NV • Télévision Française 1 SA • Vivendi SA • Wolters Kluwer NV.

- **Competitiveness:** Competitiveness of the compensation attributed to Corporate Officers is key in attracting, retaining and motivating the talents necessary to the Group's success and the protection of shareholders' interest. As such, it is considered by the Board of Directors when setting the compensation;
- **Balance:** The Board of Directors and the Remunerations Committee ensure that there is a proper balance between (i) fixed and variable components of the compensation, (ii) short and long-term components and (iii) cash and equity-based components. The Chief Executive Officer's compensation is made up of 3 main components: fixed, short-term variable and long-term variable compensation. These components aim to remunerate the work done by the Chief Executive Officer, tie compensation to the results achieved, and partly align the Chief Executive Officer's interest with that of shareholders;
- **Ambition:** All variable compensation plans are subject to challenging performance conditions for all beneficiaries which are more than 2,000 around the world. The quantifiable objectives used are the performance indicators set out by the Group in its financial communication. These quantifiable objectives are also the objectives used for determining the variable compensation of all Group employees who receive such variable compensation.

Moreover, the stock options and performance shares awarded to management are subject to a continued presence condition in the Group and, as laid down in the Corporate Policy on the Purchase and Sale of Company Shares, Insider Trading and Protection of Inside Information, Corporate Officers who have been awarded stock options and/or performance shares (i) are not allowed to carry out risk hedging transactions pursuant to the AFEP-MEDEF Corporate Governance Code and (ii) are subject to black-out periods during which they must not exercise their options;
- **Understandability of the rules and Transparency:** The variable compensation and long-term compensation plans are linked to stringent and transparent criteria of quantifiable and qualitative performance for which targets are clearly defined and set out in advance;
- **Comprehensiveness:** The Board of Directors and the Remunerations Committee take into consideration all components of the Corporate Officer's compensation in their overall appraisal of the compensation.

(1) Upon recommendation from the Remunerations Committee of February 26, 2019, the Board of Directors decided to amend the peer group's composition to add Hexagon AB following its selection in 2018 by ISS, this choice seeming relevant.

COMPENSATION ITEMS OF THE CHIEF EXECUTIVE OFFICER DURING HIS TERM OF OFFICE

Fixed compensation

The Chief Executive Officer benefits from a fixed annual compensation which is determined by taking into account the level and complexity of his responsibilities, his experience in the position, seniority in the Group and market practices for comparable companies.

This fixed compensation can be paid in part in different currencies.

The Board can review the fixed compensation's distribution key between the different currencies depending on the time dedicated by the Chief Executive Officer to the terms of office he holds within the Group.

The Board of Directors reviews the amount of the fixed compensation at relatively long intervals. However, should it be decided to revise the fixed compensation, the rationale for such revision would be clearly disclosed to shareholders.

For 2019, the Board of Directors decided to leave unchanged the fixed compensation of his Chief Executive Officer which will be as follows:

	Euro	Pounds sterling	U.S. dollar
For his role in	Technicolor SA	Technicolor Limited (UK)	Technicolor USA, Inc.*
Distribution key	20%	40%	40%
Amounts paid in currency	€200,000	£317,000	U.S.\$516,800

* Following the merger of Technicolor, Inc. into Technicolor USA, Inc. on December 31, 2018, Mr. Frédéric Rose is President of Technicolor USA, Inc.

Annual variable compensation

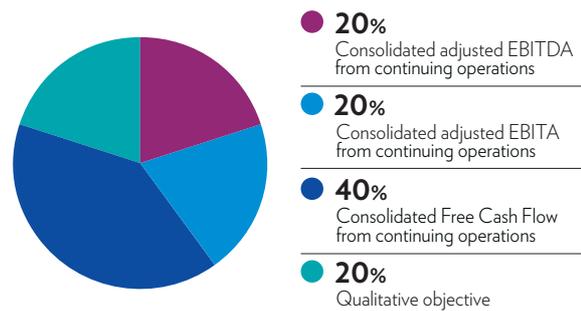

The Chief Executive Officer is entitled to an annual variable compensation for which the Board of Directors, upon recommendation by the Remunerations Committee, defines each year performance criteria that are diverse and challenging, precise and pre-set, allowing for a comprehensive performance analysis, aligned with shareholders' interests.

The variable compensation amounts to 100% of the annual gross fixed compensation if the objectives are achieved, and up to 150% if the objectives are exceeded. It may be paid in different currencies as for the fixed compensation.

The variable compensation is subject to the achievement of minimum targets with respect to the financial objectives set by the Board each year, which must be above 80% of the target objectives. The same minimum targets are applicable to all Group employees benefiting from the variable compensation plan.

The Board of Directors defined the performance objectives for the Chief Executive Officer's 2019 variable compensation as follow:

The quantifiable objectives are the performance indicators used by the Group in its financial communication. The Board of Directors thus made several changes for the choice of the indicators:

- introduction of a new criterion of EBITA particularly relevant to measure the operational performance of the Company which has high capital expenditures; and
- the qualitative objective which shall be clearly defined every year by the Board of Directors, will notably include Corporate Social Responsibility.

These quantitative objectives are also those used for determining the variable compensation of all Group employees who receive such compensation.

Payment to the Chief Executive Officer of his variable compensation will be subject to approval of his compensation package by the shareholders at the Annual General Meeting, in accordance with Article L. 225-100 of the French Commercial Code.

Benefits in kind

The Chief Executive Officer is entitled to a benefit in kind for his transportation which could be given either through a car allowance or any other kind of benefit.

Long-term incentive compensation

As other senior executives of the Group, the Chief Executive Officer is entitled to benefit from a Long-Term Management Incentive Plan aimed at involving employees in the Group's performance and development, within the framework of the Group strategic plan. Such plan allows to ensure the competitiveness of the compensation offered by the Group, in dynamic and competitive international markets, and in sectors where the ability to attract talents is a key factor to success.

This Long-Term Management Incentive Plan could be based on the grant of performance shares or stock options or other equity instruments. Such plan would be consistent with the following principles:

- the instrument would be subject to challenging vesting conditions (the Board of Directors should acknowledge that the performance conditions determined upon grant have been achieved);
- these performance conditions should be assessed over a minimum period of three years; and
- the vesting of such instrument should be subject to the beneficiary's continued employment in the Group (the beneficiary must not leave the Group before the expiration of the vesting period, except in certain early exit situations provided for by law and other customary exceptions approved by the Board).

In addition to these principles, the Board of Directors decided that:

- the long-term instruments, valued in accordance with IFRS standards, should not represent a disproportionate percentage of the Chief Executive Officer's overall compensation (not more than 150% of both fixed and targeted variable compensations);
- the award to the Chief Executive Officer should also not represent an excessive portion of the total plan (maximum 15% of the total allocation);
- the Chief Executive Officer should formally undertake not to use hedging instruments for the duration of the lock-up period. The sale of the shares definitively vested to the Chief Executive Officer is not possible during black-out periods, in accordance with applicable legal and regulatory provisions and Group procedures;
- should the Chief Executive Officer leave the Company and by exception keep his rights to long-term instruments previously granted,

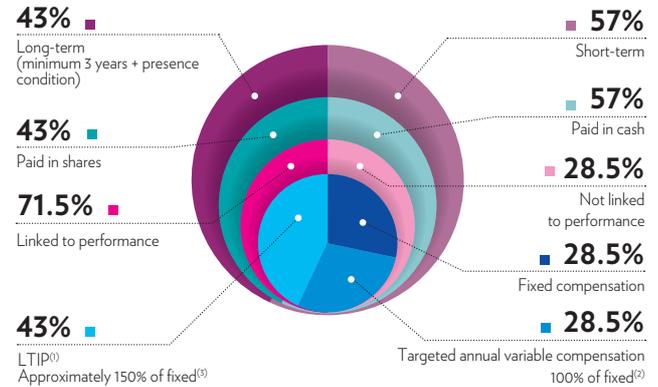

the number of instruments to be delivered would remain subject to performance conditions and would be strictly *prorata* to the number of days elapsed from the date of the grant to his severance date, as compared to the total duration of the plan;

- in accordance with applicable law and Group procedures, the Chief Executive Officer must hold a significant and increasing number of shares and is required to hold in registered form and for as long as he remains in office, 20% of the shares that he acquires under such plans at the end of the vesting period.

Directors' fees

Executive Corporate Officers do not receive Directors' fees in their capacity as Directors. Consequently, the Chief Executive Officer does not receive Directors' fees in his capacity as a Director.

Summary of the main compensation items of the Chief Executive Officer

(1) Long-Term Incentive Plan.

(2) Between 0% to 150%.

(3) Based upon the two latest performance share plans (LTIP 2016 and LTIP 2017).

COMPENSATION ITEMS OF THE CHIEF EXECUTIVE OFFICER UPON LEAVING OFFICE

Severance indemnity and non-compete indemnity

The Chief Executive Officer benefits from a severance indemnity and a non-compete indemnity in the event of his dismissal, already approved by the Ordinary Shareholders' Meeting on June 16, 2009 in its 8th and 9th resolutions, which are described below.

Impact of the Chief Executive Officer's departure on long-term compensation

A beneficiary of the Long-Term Management Incentive Plans who would leave the Group before the expiration of the vesting period of at least three years would forfeit his rights.

By exception, the participant will keep his rights to part of the shares granted in the event of death, disability, leaving on retirement and termination of office at the initiative of the Company without cause. In these events, subject to the achievement of the performance conditions, the number of shares to be delivered will be prorated by the number of days elapsed from the date of the plan to the date of such event, as compared to the total duration of the plan.

Supplementary pension plan

The Chief Executive Officer does not benefit from any supplementary pension plan.

Compensation items of the Chief Executive Officer on taking up of his office

Should a new outside Chief Executive Officer be hired, the Board of Directors may decide, upon recommendation from the Remunerations Committee, to compensate the appointee for some or all of the benefits he may have forfeited on leaving his previous employer. In that case, the terms on which the Chief Executive Officer would be hired would aim at replicating the compensation that was forfeited, with a comparable level of risk (variable portion, medium-term equity-based or cash compensation). The new Chief Executive Officer would then be paid in accordance with the compensation policy set forth above.

In this case, Technicolor would release, at the time it is set, the amount and information relating to such indemnity.

Ratification of the transfer of the Company's registered office (5th resolution)

Explanatory comment

Further to the end of the lease of the building in Issy-les-Moulineaux that the Company had occupied, the Board of Directors on October 24, 2018 authorized the transfer of the Company's registered office from 1-5, rue Jeanne d'Arc, 92130 Issy-les-Moulineaux, France, to 8-10, rue du Renard, 75004 Paris, France, with effect from December 7, 2018. Pursuant to Article L. 225-36 of the French Commercial Code (*Code de commerce*), you are asked to ratify said transfer.

This relocation was intended to benefit from a central location which highly reinforces the Company's attractiveness for key talents and clients since a large majority of the building is devoted to Production Services activities.

This transfer also allows the Group to cut its rent expenses in the Paris area by close to 50% and its footprint from 17,287 to 9,716 square meters.

Text of the fifth resolution (Ratification of the transfer of the Company's registered office)

The Shareholders' Meeting, having satisfied the quorum and majority conditions for Ordinary Shareholders' Meetings and having considered the Board of Directors' decision of October 24, 2018, pursuant to Article L. 225-36 of the French Commercial Code (*Code de*

Composition of the Board of Directors (6th to 14th resolutions)

Explanatory comment

BACKGROUND

Mr. Bruce Hack, member of the Board of Directors for nine years and Chairman of the Board since 2017, has decided not to seek the renewal of his term of office which expires at the close of this Shareholders' Meeting. Laura Quatela, member of the Board of Directors since 2013 also decided not to seek a renewal of her term. The Board of Directors expressed its thanks to Bruce and Laura's dedication to the Board of Directors' work and to their long-term commitment. In late 2018, two Directors (Ms. Birgit Conix and Mr. Hilton Romanski) also left the Board due to new outside commitments.

As part of the Board's continuous review of its composition, which accelerated in light of the recent Board changes, the Board of Directors appointed Ms. Mindy Mount as Vice Chairwoman of the Board and asked the Nominations & Governance Committee to work on reshaping the Board of Directors and searching for candidates.

In doing so, the Nominations & Governance Committee, during its meeting of October 2018, considered the recent changes to the Company's businesses (disposal of the Patent Licensing business in 2018 and announced disposal of the Research & Innovation activities in 2019) and identified the skills that would be required to diversify and strengthen the Board composition.

In early January 2019, the Committee hired an external recruitment firm (Spencer Stuart) to search for suitable candidates. Among these candidates, the Committee preselected a short list and the members of the Committee interviewed the short-listed candidates. Following these interviews, the Committee proposed a final short list and recommendations for 5 candidates to the Board of Directors which, on May 14, 2019, decided to propose their appointment to the Shareholders' Meeting.

The proposed candidates will bring their professional experience, skills and diversity that were identified by the Board as necessary in driving Technicolor's strategy. These candidates will increase the variety of skills present at the Board due to their interesting business profiles and influence positively on the collective dynamics. They will also enable the Company to comply with the French Commercial Code (*Code de commerce*) which provides that the proportion of Directors of each sex must not be less than 40%.

Acting upon recommendation of the Nominations & Governance Committee, the Board of Directors proposes:

- first, to renew the terms of office of Ms. Melinda Mount, Ms. Ana Garcia Fau and Mr. Maarten Wildschut which will expire at the close of this Shareholders' Meeting; and
- secondly, in order to extend the Board of Directors' skills and strengths, to appoint 5 new Directors: Ms. Anne Bouverot, Mr. Xavier Cauchois, Mr. Dominique D'Hinnin, Ms. Christine Laurens and Mr. Brian Sullivan who will increase the independence and diversity on the Board, for one-year (1) to three-year (3) term. It is intended that, should she be elected as Director by the Shareholders, Ms. Anne Bouverot will be appointed as Chairwoman of the Board of Directors.

The rationale for the Board to propose to the shareholders the renewal of current Directors and the appointment of new Directors is set below. The Board is confident that, with this new composition, the Group will be in the best position possible to face its future challenges.

If the shareholders approve all of the submitted resolutions, the Board will be as follows:

(1) Pursuant to the AFEP-MEDEF Corporate Governance Code, the Director representing employees was not included in this percentage.

STAGGERING OF THE TERMS OF OFFICE

The current composition of the Board implies the renewal by the Shareholders' Meeting of 3 Directors out of 7 (excluding the current Chairman and Laura Quatela) for a term ending at the 2022 Shareholders' Meeting. In addition, if the Shareholders' Meeting elects 5 new Directors as proposed below, 8 out of the 11 Directors would have to be renewed at the same 2022 Shareholders' Meeting.

In order to favour a seamless renewal of the Board of Directors, allow a smooth transition between Directors and comply with the AFEP-MEDEF Corporate Governance Code, the Board of Directors, upon recommendation of the Nominations & Governance Committee, has decided to propose at the 2019 Shareholders' Meeting a staggering of the terms of office of the Directors.

To that purpose, it is proposed that incumbent Directors be renewed for a term of office shorter than the statutory length of the terms of office of three (3) years. This shorter renewal implies an amendment to the Company's by-laws to allow, as an exception and so as to favor an harmonious renewal of the members of the Board, the appointment of Directors for a term of office of one (1) or two (2) years. The 19th resolution amends the Company's by-laws to that purpose.

Should the Shareholders' Meeting approve the 19th resolution, by exception, current Directors would be renewed for a term of office of either one (1) or two (2) years, while the new Directors would be appointed for a full three-year (3) term (with the exception of Mr. Brian Sullivan who would be appointed for a one-year (1) term). This would allow a smooth renewal of the Board of Directors and a staggering of terms of offices, which would thus be as follows:

- 2020 Annual General Meeting: Ms. Ana Garcia Fau, Mr. Brian Sullivan and Mr. Maarten Wildschut;
- 2021 Annual General Meeting: Ms. Melinda Mount, Mr. Frédéric Rose and Bpifrance Participations;
- 2022 Annual General Meeting: Ms. Anne Bouverot, Mr. Xavier Cauchois, Mr. Dominique D'Hinnin and Ms. Christine Laurens.

Should a majority vote in favor of all the candidates proposed but against the 19th resolution of this Shareholders' Meeting proposing an amendment of the by-laws, all the above-mentioned Directors would be renewed for three-year (3) terms, as provided for by the current by-laws.

Renewal of the term of office of Ms. Melinda Mount (6th resolution)

Explanatory comment

Profile: After a very rich career where she held various important finance and operational roles at Microsoft, Time Warner and Morgan Stanley, Ms. Melinda Mount is now a Company Director. She brings to the Board of Directors a strong knowledge of the Media & Entertainment sector, coupled with an insight on financial subjects and external development operations. She has also a good knowledge and understanding of cybersecurity matters, subjects of crucial importance to the Group today.

Since February 2019 and further to Mr. Bruce Hack's announcement to the Board that he would not apply for a renewal of his term of office, she was appointed Vice-Chairwoman of the Board of Directors, in addition to her role of Chairwoman of the Audit Committee and member of the Remunerations Committee which proves her strong commitment to Technicolor's Board of Directors.

Independence: Ms. Melinda Mount is considered as an independent Director by the Board of Directors, in accordance with the AFEP-MEDEF Code.

Availability: She has an excellent track record for participation to Board meetings and Committee meetings, her attendance rate for 2018 being 100% for both. Her average Board attendance rate for the last three years is 100%. As she only holds one other term in another public company and overall cumulates only two non-executive terms of office, she is fully dedicated to her positions in The Learning Care Group (unlisted), the Cerner Corporation and Technicolor.

Term of office: You are asked, in the sixth resolution, to renew Ms. Melinda Mount's term of office for a two-year (2) term, *i.e.* until the close of the Shareholders' Meeting to be held in 2021 to approve the financial statements for the 2020 fiscal year.

6.2 EXTRAORDINARY SHAREHOLDERS' MEETING

Amendment to Article 11.2 of the Company's by-laws in order to implement a staggering of the terms of office of members of the Board of Directors (19th resolution)

Explanatory comment

In order to favour a seamless renewal of the Board of Directors, allow a smooth transition between directors and comply with the AFEP-MEDEF Corporate Governance Code, the Board of Directors, upon recommendation of the Nominations & Compensation Committee, has decided to propose at the 2019 Shareholders' Meeting a staggering of the terms of office of the Directors.

To that purpose, it is proposed that incumbent Directors be renewed for a term of office shorter than the statutory length of the terms of office of three (3) years.

The 19th resolution thus aims to amend the Company's by-laws to allow, as an exception and so as to favor an harmonious renewal of the members of the Board, the appointment of Directors for a term of office of one (1) or two (2) years.

For more details, see explanatory comments p. 26.

Text of the nineteenth resolution (Amendment to Article 11.2 of the Company's by-laws in order to implement a staggering of the terms of office of members of the Board of Directors)

The Shareholders' Meeting, having satisfied the quorum and majority conditions for Extraordinary Shareholders' meeting decides to amend Article 11.2 of the Company's by-laws.

Consequently, Article 11.2 shall read as follows (changes and/or additions are in "bold"):

11.2. Directors

Except as may otherwise be provided by law, Directors are appointed by the Ordinary General Shareholders' Meeting.

During their term of office, each Director must own at least 200 shares. Directors must acquire these shares in accordance with the provisions of Article L. 225-35 of the French Commercial Code.

The term of office of the Directors appointed by the ordinary General Shareholders' Meeting is three years. The term shall expire at the end of the Shareholders' Meeting approving the accounts of the prior fiscal year and held during the year in which the term of office expires.

Notwithstanding the foregoing, and to favour a seamless renewal of the Board of Directors, the Board of Directors may, by exception, propose to the Annual Shareholders' Meeting to appoint Directors for a term of either one (1) year or two (2) years.

The rest of the Article 11.2 remains unchanged.

Allocation of Restricted Shares (20th resolution)

Explanatory comment

You are asked to authorize the Board of Directors, pursuant to the provisions of Articles L. 225-129 *et seq.* and L. 229-197-1 to L. 229-197-6 of the French Commercial Code (*Code de commerce*), to proceed, on one or more occasions, to the allocation of Restricted Shares of the Company, issued or to be issued, to the benefit of employees excluding the Chief Executive Officer of the Group.

The Board of Directors, upon recommendation by the Remunerations Committee, has determined the following guidelines for granting Restricted Shares under the 20th resolution.

CONTEXT OF THE REQUESTED AUTHORIZATION

The requested authorization would allow the Board of Directors to set up a plan for the allocation of restricted shares, to the benefit of management and employees of the Group, both in France and abroad and to involve employees in the Group's performance and development.

Technicolor is currently undergoing a portfolio transformation plan to better position its business for the future. In a challenging environment from a business perspective, which requires the full dedication and retention of its key employees, the setting of performance targets for the compensation plans remains a challenge for the Board. The previous Long-Term Incentive Plan of the Company (LTIP 2016), that came due in April 2019, entirely failed to vest as a result of not meeting the performance targets that were set.

The Board of Directors decided to propose to shareholders a one-year (1) resolution under which a plan for the attribution of Restricted Shares will be set up. The vesting of the shares will be subject to a three-year (3) presence condition. This decision provides that the Chief Executive Officer could not be a beneficiary. The Board considered that the interest of the Chief Executive Officer was already sufficiently aligned with the interest of shareholders given his existing shareholding in the Company (0.16% of the share capital, with no disposals since September 2016).

The proposed plan would ensure the competitiveness of the compensation offered by the Group, in dynamic and competitive international markets, and in sectors where the ability to attract talent is a key factor to success. The purpose of such plan is not only to retain and encourage management and employees to adopt a long-term view of Technicolor during this transformation period but also to align their interests with that of the shareholders and other stakeholders.

FEATURES OF THE RESOLUTION

Nature of the authorization

You are being asked to authorize the Board of Directors to proceed, on one or more occasions, to the allocation of Restricted Shares of the Company to the benefit of employees including members of the Executive Committee but excluding the Chief Executive Officer. The vesting of the Restricted Shares would be subject to a presence condition without any performance condition.

It is envisaged that the number of persons benefiting from such allocations be around 200 for Restricted Shares. The Chief Executive Officer will not be a beneficiary of the proposed Restricted Shares.

Term of the authorization

The authorization will be granted for a term of 12 months as from the date of this Shareholders' Meeting.

The authority granted to the Board would therefore be significantly shorter than allowed by French Law. It is the Board's intention to come back to shareholders at the 2020 Shareholders' Meeting in order to structure Long-Term Incentive Plans.

Maximum amount of the authorization

The allocations of Restricted Shares under the authorization shall not, individually or in total, involve a number of shares, issued or to be issued, exceeding 3,000,000 shares, *i.e.* around 0.72% of the Company's share capital as of December 31, 2018. It is stated that, within this limit of 3,000,000 shares, the allocation to Executive Committee members (12 people), excluding the Chief Executive Officer, will not exceed 30% of this limit of 3,000,000 shares.

This number does not take into account possible adjustments which may be performed pursuant to applicable regulations or contractual provisions providing for adjustments, in order to preserve the rights of bearers of securities or other rights giving access to the share capital. Thus, the implementation of these adjustment clauses could lead to a total number of shares granted exceeding 3,000,000 shares.

Dilution

The Group's policy concerning the allocation of stock options, Restricted and Performance Shares is to have a limited impact in terms of dilution.

For information purposes, it is reminded that as of April 25, 2019:

- a total of 10,553,408 stock options are outstanding (for details of these plans, see Chapter 4: "Corporate governance and compensation", section 4.2.3: "Stock Option Plans and Performance or Restricted Share Plans" of the 2018 Registration Document). If all options were exercised, this would lead to the issuance of 10,553,408 shares. Technicolor's share capital would be composed of 425,014,586 ordinary shares, *i.e.* a 2.55% increase in the number of shares from December 31, 2018. This is, however, unlikely given that all such stock options are currently deeply underwater;
- a total of 4,135,543 Performance Shares could vest for employees and the Chief Executive Officer under performance conditions set by the Performance Share plans (for details of these plans, see Chapter 4: "Corporate governance and compensation", section 4.2.3: "Stock Option Plans and Performance or Restricted Share Plans" of the 2018 Registration Document). If all shares under the performance share plans were delivered, this would lead to the issuance of 4,135,543 shares. Technicolor's share capital would be composed of 418,596,721 ordinary shares, *i.e.* a 0.99% increase in the number of shares from December 31, 2018.

The maximum amount of (i) stock options and performance shares already granted and (ii) Restricted Shares which could be allocated under the new resolution, would be equal to 4.27% of the share capital of the Company as of December 31, 2018.

Executive officers

The Chairman of the Board of Directors and the Chief Executive Officer would not be eligible for the allocation of Restricted Shares (20th resolution).

Vesting period

The Restricted Shares would vest on June 14, 2022 (subject to presence condition) following a three-year (3) vesting period.

Presence condition

The vesting of Restricted Shares under the 20th resolution would be subject only to the achievement of a presence condition within the Group.

A beneficiary of Restricted Shares who would leave the Group before the expiration of the vesting period ending on June 14, 2022 would not keep his or her shares, except in the case of legal premature exit (including cases of death and disability) and other customary exceptions decided upon by the Board of Directors.

BEST PRACTICES

The Board of Directors would inform the Shareholders' Meeting of the allocations of Restricted Shares which would have been carried out under the proposed authorization. Such allocations would be consistent with the principles and best practices applied by the Board, including:

- the involvement at each stage (allocation, etc.) of the Remunerations Committee;
- compliance with best practices in place for allocation ceilings; and
- the implementation of demanding rules of business ethics, including in particular, a prohibition for beneficiaries who are members of the Executive Committee to turn to the use of any hedging instrument for the Restricted Shares and the obligation to retain a significant number of shares up until the termination of their positions within the Group (the Executive Committee members would have to retain at least 10% of the Restricted Shares granted to them for the remainder of their term or office).

All of these elements, taken together, demonstrate the desire of the Group to align itself with the best market practices regarding allocation of Restricted Shares and to respond to the expectations of its shareholders.

Text of the twentieth resolution (Authorization to the Board of Directors to grant free shares to employees or certain categories of employees)

The General Shareholders' Meeting, having satisfied the quorum and majority conditions required for extraordinary shareholders' meetings, having considered the Board of Directors' report and the Statutory Auditors' special report:

1. authorizes the Board of Directors, pursuant to the provisions of Articles L. 225-197-1 to L. 225-197-6 of the French Commercial Code, to proceed, on one or several occasions, with grants of free shares, previously existing or to be issued (other than preferred shares), to such beneficiaries as it shall determine among the employees of the Company and/or Corporate Officers of companies that are related to the Company under the conditions set forth in Article L. 225-197-2 of the French Commercial Code under the conditions defined below (it being specified that the Corporate Officers of the Company may not be granted shares in the context of this resolution);
2. decides that the existing shares or shares to be issued pursuant to this resolution may not exceed 3,000,000 shares representing around 0.72% of the Company's share capital as of December 31, 2018; it being specified that (i) this ceiling shall be fixed without taking account legislative, regulatory and as the case may be, contractual adjustments necessary to maintain the beneficiaries' rights and (ii) the total amount of shares allocated shall not exceed 10% of the share capital as of date of the decision made by the Board of Directors;
3. decides that the grant of shares to beneficiaries shall become definitive following an acquisition period set by the Board of Directors, it being understood that this period shall not be less than two years and that the Board of Directors may set a holding period;
4. decides that, in the event of death or incapacity of a beneficiary falling into the second or third categories provided by Article L. 341-4 of the French Social Security Code, the shares shall be definitively granted to such beneficiary prior to the expiration of the remaining portion of the acquisition period (in this case, such shares shall be freely tradable upon delivery);
5. grants full powers to the Board of Directors in order to implement this authorization and in order to, namely:
 - a. determine the identity of the beneficiaries of the grants among the employees of the Company or the companies set out above as well as the number of shares attributed to each of them,
 - b. determine if the shares freely granted are existing shares or shares to be issued,
 - c. set the criteria for the granting of the shares, in particular the vesting period and the minimal period for which beneficiaries must hold their shares,
 - d. in the event of the issuance of new shares, make deductions against the reserves, profits or paid-in capital, as the case may be, of the amounts necessary for the issuance of such shares,
 - e. and, more generally, set the dates from which the new shares will have dividend rights, acknowledge the capital increases, modify the by-laws accordingly, carry out all formalities useful for the issuance, listing and financial servicing of the shares issued pursuant to this resolution and carry out all actions which may be useful and necessary under applicable laws and regulations;
6. takes note of the fact that, in the event the Board of Directors were to make use of this authorization, it shall annually inform the Shareholders' Meeting of the transactions carried out pursuant to the provisions of Article L. 225-197-4 of the French Commercial Code;
7. acknowledges that this authorization would entail the express waiver by the beneficiaries of the free share grants of their preferential subscription rights in the event of the issuance of new shares.

This authorization is granted for a period of twelve (12) months as from the date hereof.
